

Cursed candy

By Else Gillan (LP)

A long, long time ago in someone's great imagination, there were three siblings called Jack, Archie and Olivia. One day they were more bored than they had ever been. That day the three siblings were bored their Mum came in and said "Go out! Go out to the park, you can't sit on your bottoms all day doing nothing." So they went to the very fun park. Jack, Archie and Olivia couldn't think of a game to play. Suddenly, Archie screamed out loud, "Let's play 'It'." At the same time Archie and Olivia shouted "Jack's on." Jack chased Archie and Olivia all around the park suddenly Archie and Olivia fell in to a ginormous hole. Olivia fell first, followed by Archie. Jack got really worried when he couldn't find them. Olivia and Archie started shouting "Jack, Jack down here!" Jack didn't hear the first time or the second time or third time. Next time Jack finally he heard them. Jack jumped to the ginormous hole. Olivia, Archie and Jack started to look around to find everything suspicious. It was dark and spooky and it smelt like rotten eggs. Olivia, Archie and Jack wondered around for two boring hours until Jack screamed "Look, look, a yellow light is shining there, let's go and check it out!" Olivia then replied "Yes, let's go!"

They found a very large door. Olivia whispered "Should I knock on the door?" "Go on" whispered Jack. "Ok, here we go" and knocked on the door. When she knocked on the door no one answered it. And the second time there was still no answer. So Olivia got really frustrated and knocked on the door as hard as she ever could. When the door opened there was no one by the door. Olivia and Archie thought it was a magic door. Olivia, Archie and Jack took one big step in. They took a few more steps in and all they saw were tiny houses made of delicious candy. They shouted as loudly as they could, "Hello!" but there was no answer. They looked around the place until they saw a door opening. They saw an extensive herd of candies walking out of the huge double door. Olivia, Archie and Jack got really terrified and they thought they must be dreaming so they tried to slap each other. But it didn't work out and they found out they were definitely not dreaming. They saw most of the candies were very mouldy and disgusting and one of them was even hairy and was rolling around the place. All the candies looked evil as if they were under a spell. The threesome saw a room off to the left and they moved quickly towards it thinking it was an escape. When they went into the room they saw a witch cursing spells on the candies. Olivia got so scared she ran around the place slapping herself as much as she could ... finally finding out that it was just a dream.
