

Student Digital Rights

- I have the right to a safe internet that allows me to learn and enjoy my time online
- I know that words and actions can hurt others, and I will treat people online respectfully, the way I would like to be treated online and in the real world
- I will keep all personal information and passwords private.
- I have a right to only share information about myself with people I know or trust.
- I know that some things on the internet might not be always be true or real.
- I have a right to be safe on the internet and not feel bullied or uncomfortable by the behaviour of others and to be able to tell someone if it happens.
- I have the right to say no if someone wants me to share my picture or video myself in a way that I do not like.
- I know to tell a trusted adult if I see something on the internet that makes me feel uncomfortable, frightened or worried.
