

# ***Student Digital Rights***

- I have the right to enjoy the internet and all the informative, fun and safe things it has to offer within school boundaries and rules.
- I have a right to keep information about myself private. I only have to tell people what I really want them to know in conversation and profiles.
- I have a right to explore the internet but I know that I cannot trust everything that I see or read on the internet and will be discerning in how I use this information.
- I have a right to know who I am talking to on the internet; I don't have to talk to someone if I don't want to.
- I will remember not everyone is who they say they are on the internet. I have a right to tell someone I trust if I think anyone is suspicious.
- I have the right not to be videoed or photographed by anyone using cameras, web cams or mobile phones without my permission and for those not to be shared without my permission.
- I have a right not to be bullied or intimidated by others through technology (including my phone and social media accounts) and I have the right to report this if this happens.
- I have the right not to be judged by others when I report something that makes me feel uncomfortable or violates my privacy.
- If I accidentally see something I shouldn't, I have the right to tell someone and not to feel guilty or judged about it.
- We are all responsible for treating everyone on line with respect. You should not use behaviour or language that would be offensive or upsetting to somebody else.
