

	Speaker Sessions: 6.45 – 7.10pm	Speaker Sessions: 7.15 – 7.40pm
ROOM		
MATHS 1	<p>Francesca ONeill OP17 + Elliot Cyriax OP17 <u>Banking with a Conscience</u></p> <p>In addition to hosting stalls, Francesca and Elliot – both OPs - will be sharing a speakers session to tell us how they have found their first jobs from university, working in Parliament to advise banks on how they can help the global economy approach Net Zero.</p>	<p>Anthony Searle OP 09 <u>Legal Eagles and Medical Serpents</u></p> <p>In addition to hosting a stall, Anthony will be telling us why he chose to be a barrister rather than a solicitor and the differences between these: why law is much more than the criminal law you see on television; and why he has specialised in medical law. A must for potential lawyers!</p>
MATHS 2	<p>Kate Chacksfield, Media Coach, Chax Media <u>Tips and techniques to succeed at interviews</u></p> <p>How do you manage nerves at a potentially life changing interview? Kate has answers! A BBC television reporter for Newsround, producer on the Six O’Clock News and Tomorrow’s World, then Science and a Technology Correspondent on Sky News, Kate founded ChaxMedia to provide clients from children to FTSE100 directors with media and presentation skills. She specialises in Oxbridge and university interviews.</p>	<p>Natalie Maalouf OP 16, Medicine Graduate (2022) Dr Peter Jaye, Consultant in Emergency Medicine Host:Dee O’Connor, Head of Chemistry/MVD Society, St Benedict’s School <u>The Making of Medics</u> – A hosted Q&A ‘fireside’ chat with pupils</p> <p>What does it take to succeed in gaining a place to study medicine and then to be a good practitioner? And what skills are required for both? Natalie and Dr Jaye offer insights from their very different perspectives and career positions, to anyone considering a career in healthcare.</p>
MATHS 3	<p>Sebastian Umrigar OP 11 <u>From The Wife of Bath to Graham Norton</u></p> <p>Sebastian’s pathway from English at Exeter and UCL to working in television production - The Graham Norton Show, The Mash Report and productions across Channel 4, BBC1 and ITV! A talk with added celebrity tales...</p>	<p>Nicholas Orford-Williams <u>Apprenticeships at...the BBC!</u></p> <p>Did you know you can take a Master’s level apprenticeship? Nicholas is doing exactly this, in machine learning and AI, at the BBC. Come and hear why he made this choice, and why media is also now about Computer Science.</p>
